Do you have the whole report? I only have 2 emails (I deleted the one who retrieved) and those 2 emails are of the same document. Am I missing something?

I didn't answer to your email because Irene explained that she sent us two emails containing the entire report... she replied to you and cc me...

what she said is that she sent 3 emails ...retrieving one. the other 2 have the entire report.  
I'm out of the office will be back on Wednesday

Hi Denise,

I'm just checking in again. I was on a call today discussing all Puerto Rico sites and it came up that the complete draft SOW for Cabo Rojo has been submitted to EPA and is under review. I brought up that we only received Section 4, 5, tables, and figures and they said we should have received the full version. I haven't heard back from you on this since I emailed you a few weeks ago. Just wondering if you could let me know how to best access the full SOW version. thanks

Katie
